

## Classrooms for Visitation

An academic career offers the opportunity to interact with intelligent, insightful and, witty colleagues. Experience this first hand when **Teaching Learning Engagement Institute** and the **Office of Professional Development** sponsors Classroom Visitation.

For two weeks, faculty and staff are invited to visit the classrooms listed below. These sessions allow us to become students again for an hour or two and enjoy learning from some of our best and brightest instructors. Oct. 22 through Nov.2 you may visit any of these classes. Go visit some of the instructors and see why our instructors are some of the best in the state.

### Classroom Visitation Volunteers
