

The LRC Virtual Conference 2022 will be on Friday, April 15, 2022

Prepare for this conference to be held virtually on Friday, April 15, 2022. The LRC hosts an exemplary practice award each year, one for library employees and one for learning support services. We love to hear about new and innovative programs and projects or a program that illustrates an exceptional practice in student learning in either library services or learning support services you had in place in 2021. Winners will present virtually at the LRC conference and at the AFC Annual Conference in November. Winners receive up to \$250 in prize money, too! Email Elena Soltau, LRC Chair, soltaue@seminolestate.edu with questions and applications. The application deadline is Friday, April 1, 2022.
