

Direct Download Office Mobile for Android

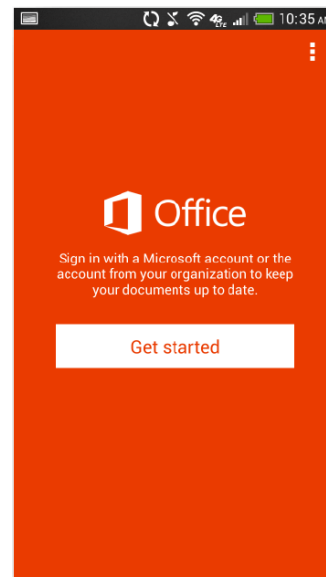

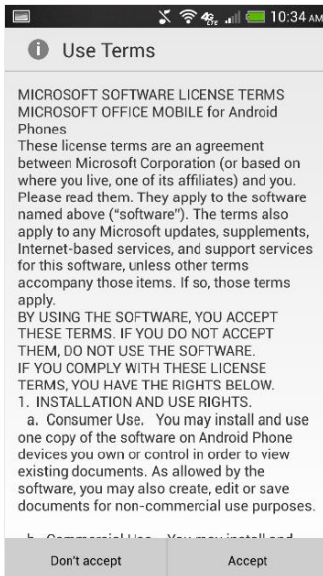

By clicking on the direct download link, you will be prompted with this action box. Press the **Play Store** icon.

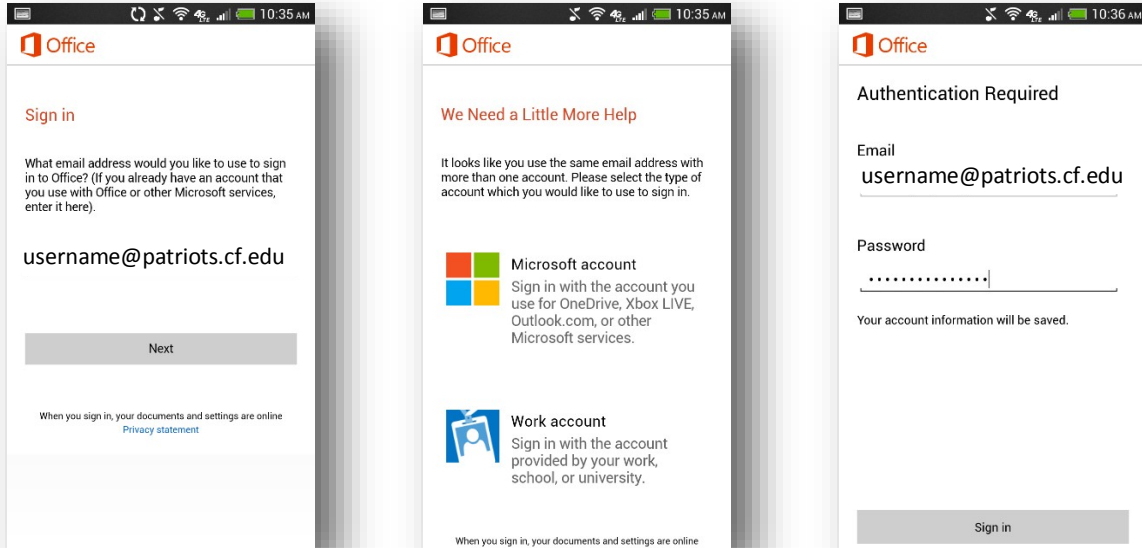

You will be brought to the Play Store Install for Office Mobile. Press **Install** and then **Accept**. The app will begin installation on your device.

The app will then appear on your device. When the app is first opened, you will be prompted with the terms of service. To continue, press **Accept**. Office will then guide you through a series of screens as the app sets up. Then press **Get Started**.

Type in your Email address, and press **Next**. You may be asked which account you are using, whether it's a Microsoft account or an organizational account. Press **Work Account**. Then enter your password.

The app will now be successfully installed, connected to your Email account, and ready to use.
