Patriots Email – BlackBerry 10 Devices

Patriots Email can be configured to run on your BlackBerry 10 devices. You can either use Exchange/Active Sync and have access to your email, calendar, and contacts, or use POP or IMAP and have access to only email.

Configuration on BlackBerry 10

You can configure your email to work within BlackBerry 10 a few different ways.

Go to Settings

Go to → Accounts

Go to → Advanced
Microsoft Exchange (Active Sync) Configuration
Microsoft Exchange ActiveSync, will allow you sync your Email, Calendar, & Contacts across multiple computers and devices

1. Go to → Corporate Sync or Exchange ActiveSync

2. Enter in the following Information:

   Domain: patriots.cf.edu
   Username: username@patriots.cf.edu
   Email address: username@patriots.cf.edu
   Password: PaSSWoRD (Case Sensitive)
   Server: m.outlook.com
   Secure: On
   Port: 443
IMAP and POP Configuration

IMAP allows you to have just your email synced between devices. POP allows you to send and receive mail, but it is not synced with any other devices.

You will need to have your unique server name in order to use POP or IMAP.

Retrieve Unique POP/IMAP Server

You will need to get your unique server from your Outlook Web App. You can do this by logging into http://www.outlook.com/patriots.cf.edu and log in. Then go to Options → See All Options...
Click on **Settings for POP, IMAP, and SMTP Access**

Your Server is the one next to **Server Name:**
IMAP Configuration

IMAP will only sync your phone with your Email

From the Advanced Setup menu go to → IMAP

Enter in the following Information in Description and Email Address:

Username: username@patriots.cf.edu
Email address: username@patriots.cf.edu
Password: PaSSWoRD (Case Sensitive)
**POP Settings**

POP will not sync, but it will just send and receive email from the server. It is almost the exact same as the IMAP setup except the **Incoming Port** is **995** and you select **POP** instead of IMAP from the Advanced Setup menu.

Username: username@patriots.cf.edu  
Email address: username@patriots.cf.edu  
Password: PaSsWoRd  
Server Address: outlook.office365.com  
Port*: 995  
Use SSL: On  
SMTP Username: username@patriots.cf.edu  
SMTP Password: PaSsWoRd  
SMTP Server Address: outlook.office365.com  
SMTP Port: 587  
SMTP Encryption: TLS (or StartTLS)
