§6A-14.029, Florida Administrative Code		

Within the annual operating budget for the College, the President shall allocate funds for staff and program development. The general purpose of the allocation is for:

- (1) The improvement of employee performance through activities which update or upgrade competencies specific for present or planned positions.
- (2) The evaluation and improvement of existing programs, including the design of evaluation instruments to establish a basis for improvements as well as the designing of new programs.
- (3) The achievement of goals for implementation of its Educational Equity Act plan and other related EA/EO activities.

Funds not spent during a fiscal year will revert to the general college budget.
