College buildings and grounds will be well-maintained, well-kept, safe and sanitary. To ensure these conditions, the President, or the President's designee, shall establish appropriate procedures to include:

- 1. A preventative maintenance schedule to include all buildings and building systems, exterior lighting, walkways and parking areas;
- 2. A schedule for the regular cleaning of all areas;
- 3. An equipment replacement schedule; and
- 4. Fire, health and safety inspections.
