Section I – General

A purchasing card is a state contract VISA Card, issued by SunTrust Bank, Member FDIC, with special electronic controls, to be used only for purchases of goods and services for official college business. The purpose for implementing the purchasing card procedures is to streamline the college’s procurement and payment processes by delegating the authority and responsibility to make certain purchases directly to the cardholder.

This program will allow the cardholder to purchase approved commodities and services directly from vendors. Each purchasing card is issued to a named individual, and College of Central Florida is clearly shown on the card as the governmental buyer of goods and services. Purchases can either be picked up or delivered to the receiving department at College of Central Florida. The purchasing card is intended to complement the purchase order process and not replace it. The greatest benefit to the purchasing card is eliminating the need for a majority (but not all) of the blanket purchase orders issued by departments.

Authorized Department Official’s may recommend a purchasing card be issued to an employee. The employee must complete a Purchasing Card Request form, located on the College of Central Florida intranet. This application must be approved by the appropriate Vice President and Senior Vice President. Once approved, the cardholder must attend training for the Enterprise Spend Platform from SunTrust and sign the cardholder agreement.

Section II - Purpose

The purchasing card system was implemented to:

- Permit departments to accelerate the ordering, receiving and payment process by allowing the department to purchase goods without the use of the standard requisition/purchase order method,
- Support the elimination of most blanket purchase orders,
- Provide greater purchasing flexibility and empower employees to manage expenditures,
- Allow departments to purchase those items from vendors who do not accept purchase orders (within established limits),
- Reduce the need to use petty cash,
- Reduce paperwork,
- Shorten the cycle time for ordering and receiving orders,
- Provide immediate payment to vendors and consolidate billing to one invoice per month,
- Improve accountability and control of small dollar purchases through training and the cardholder agreement. In addition, better controls are established when limits are placed
on the dollar amounts as well as on the kinds of items that can be purchased with the card.

Section III – Procedures

The program administrator and/or business department personnel will:

- Assume overall responsibility for administering the purchasing card program,

The purchasing log should be kept in a location that is accessible to the departmental budget supervisor. This log can be used to verify purchases made by cardholders during the month in the cardholder’s absence.
Sun Trust will electronically mail individual statements to each cardholder and a consolidated summary to accounts payable.
