BACHELOR OF SCIENCE IN NURSING DEGREE PROGRAM (RN-BSN)

Program Description

The Bachelor of Science in Nursing (BSN) program at the College of Central Florida is a limited-access program designed to allow associate degree registered nurses (RNs) to advance their education and facilitate entry into graduate nursing programs while supporting the Institute of Medicine's call to increase the proportion of nurses with baccalaureate degrees to 80 percent by 2020. While that number hasn't been met, steady progress is being made through programs like CF's RN-BSN. Gaining a BSN facilitates RNs achieving advanced clinical positions and nursing faculty positions, helping to meet additional needs for nurses in primary care, as well as nursing education.

CF's RN-BSN program coursework is completely online. While the program does not fully require simultaneous participation of students and instructors, there are some virtual synchronous days in some courses.

Students are expected to enter the program with sound computer knowledge and skills, including understanding the operating system Microsoft Windows, word processing, PowerPoint, use of a spreadsheet, internet browsers, literature search, sending and receiving email with attachments.

Program Accreditation

The RN-BSN program is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326, 404-975-5000.

It is also approved by the Florida Board of Nursing, 4052 Bald Cypress Way Bin C-02, Tallahassee, Florida, 32399, 850-488-0595, fax 850-617-6547, www.floridasnursing.gov.

Getting Started

CF has an open door policy; however, the RN-BSN program is a limited-access program. Students must submit a separate application for this program. Applying to the College of Central Florida and to the RN-BSN program are two separate processes.

Financial Aid

The RN-BSN program qualifies for financial aid. Consult the CF Financial Aid office to assist with funding: CF.edu/FinancialAid.

Admission Criteria for RN-BSN Program

- It is recommended that potential applicants attend an on-campus information session prior to submitting an application to the program. Review this information packet periodically to keep abreast of any potential revisions.
- Applicants must have a minimum 2.50 GPA for courses in general education and lower-division courses specific to the nursing program. Applicants must also have an all-college level GPA of 2.0 or higher. Students must receive a “C” or higher on all BSN program-specific required courses. If a student has attempted a required general education course previously, earning a W, D, or F, the course must be retaken and passed before that student can begin or continue taking BSN courses.
- All general education and lower-division course requirements must be completed, or currently enrolled in, when applying to the RN-BSN program. Applicants may apply for the program with two outstanding lower-division courses.

Important Notes:

All students must begin with NUR 3825 and NUR 3846 and all students must end with NUR 4950.

It is strongly recommended that students take Statistics before NUR 4165.

NUR4165 should be taken before NUR 4776C.

Summer semester courses are condensed to 12 weeks versus 16 weeks (Spring and Fall).

Mini-mesters (denoted with *) are eight weeks (i.e., first mini-mester = first 8 weeks; second mini-mester = second 8 weeks). Mini-mesters are condensed to 6 weeks during the Summer semester.

Students are allowed to change their pathway once, during completion of the program. This is done by a formal petition filed with the nursing office.
