CENTRAL  
FLORIDA

HEALTH SCIENCES DIVISION

# CRITICAL CARE TRANSPORT PROGRAM

## FALL 2022 APPLICATION PACKET

The information in this document is informational only and not intended to be contractual in nature. The college reserves the right to change, modify or alter without notice all fees, charges, tuition, expenses and costs of any kind; or any statement, written or verbal, in accordance with unforeseen conditions. The rules, regulations, and policies in this packet are based on present conditions and are subject to change without notice. Further, the college can add or delete without notice any course offerings or information contained in the packet. It is the applicant's responsibility to be sure he/she is following the most current packet.

### **What is Critical Care Transport?**

Critical Care Transport is a hospital-based, inter-facility transport program for patients in the United States and worldwide who require transport from one medical facility to another.

### **CCT at CF**

The CCT program at College of Central Florida was designed in response to the growing need for qualified specialists in the area of critical care inter-facility transfer. It helps to prepare paramedics and nurses to serve with competence and confidence in meeting the needs of critical care patients undergoing inter-facility transports.

This program will bring together nursing and paramedics to bridge prehospital and hospital care and provide an understanding for the highest level of care to critical patients during transport.

**\*This is a non-credit program; college admission is not required. However, this is a health-based limited access program. This packet contains criteria for admission to the program.\***

## **PROGRAM SCHEDULE**

The program will be offered over 12 weeks and consists of lecture, skills lab, and clinical rotations. Lecture and skills lab will be held on the same day and comprise the first 10 weeks of the program. The final two weeks of the program will be reserved for clinical rotations. The program is designed to meet the needs of working professionals by following a shift schedule. Program hours are:

- Total program hours – 212 Hours
  - Lecture – 100 hours
  - Lab – 60 hours
  - Clinical rotations – 48 hours

The program is specifically designed to accommodate two separate shifts based on a 24-hour-on/48-hour-off (A, B, C) shift schedule.

Lecture/Lab:

- 1-2 days per week on a specified shift
- 8 hours each day

Clinical Rotations:

- 6 clinical rotations
- 8 hours per rotation
- Clinical will not follow a set schedule, but every attempt will be made to accommodate each student's work schedule.

Students can review the [Mock Schedule](#) for an outline of the program as well as the [Curriculum Outline](#).

## **PROGRAM CRITERIA**

To be considered for admission to the CCT program, the applicant must submit a complete CCT application. Incomplete applications will not be accepted. Criteria:

You must submit a copy of your current unencumbered license: Florida Registered Nurse or Florida State Paramedic Certification or National Registry Paramedic Certification

You must submit a letter from your employer stating you have been employed for one (1) year in the field. If you have not been with your employer for this length of time, a letter from your previous employer(s) proving a total of one (1) year in the field.

You must submit a copy of your Florida driver's license (learners permits are not acceptable).

You must submit a copy of your CPR card: American Heart Association PALS and ACLS or equivalent.

Recommended (but not required) courses:

- BSC 2085 - Anatomy and Physiology I
- BSC 2086 - Anatomy and Physiology II
- MCB 2010 - Microbiology
- Chemistry

## **PROGRAM GOALS/OUTCOMES**

At the end of this program, students will receive a Critical Care Transport certificate plus credentialing in:

- ACLS EP – ACLS for Experience Providers
- ITLS – International Trauma Life Support
- NRP – Neonatal Resuscitation Program

The depth and breadth of the curriculum will adequately prepare students to successfully pass the Board for Critical Care Transport Paramedic Certification (BCCTPC) certification exam for Critical Care Paramedic (CCP-C) and/or Flight Paramedic (FP-C).

## **Requirements after Acceptance to the Program**

Once you receive your acceptance letter stating you have been selected for a seat in the CCT program, you will also be required to complete the following before the first day of class.

**The following items are required for class registration and approval to enter local healthcare facilities to complete clinical rotations. Details will be included in your acceptance packet. Do not begin these items until you have picked up your acceptance packet.**

- Registration and payment for classes on Higher Reach
- National Criminal, Social Security, License History Background Checks
- Substance Screening
- Physical Examination and Health History
- Immunizations Required for Program
  - MMR
  - Tdap
  - PPD
  - COVID (recommended not required)
  - Varicella
  - Hepatitis B
  - Flu (during season October–March)

**Important!** Completed health forms with all immunization documentation must be reviewed and approved online prior to entering any clinical experience. If you do not meet your clinical objectives you cannot successfully complete the CCT programs. You have the option to decline immunizations; however, some clinical facilities require that all immunizations be completed. If you are not able to attend required clinical experiences because you do not meet a facility's immunization requirements, you may not be able to complete your program of study.

## **Certification and Driver's License Note: Plan Accordingly!**

It is your responsibility to be sure your certification cards and driver's license does not expire before or during the course of the program. You must provide the EMS office in Building 35, Room 104, (Ocala Campus) a copy of any updates. Failure to do so may impact your completion of these programs. **You cannot attend clinicals if your cards have expired.**

## ESTIMATED COSTS OF CCT PROGRAM

Tuition for the program is listed below and includes costs for lecture and lab fees, ACLS-EP, NRP, and ITLS. Students may also incur additional costs for physical examinations, federal background check, substance abuse screening, student background check, clinical compliance tracker, immunizations, textbooks, and uniforms. The costs for these items will vary among students based on the individual students needs and where the items are purchased.

Tuition: Lecture/Lab Fees	846.00
Federal Background Check	55.00
Physical Examination (estimated)	50.00
Immunizations (estimated)	250.00
Substance Screening	29.00
Student Background Check	40.00
Clinical Compliance Tracker	38.00
Textbooks (estimated)	235.50
Uniforms (estimated)	60.00
Honor Lock	10.00
NRP	80.00
ACLS-EP	7.00
ITLS	27.00

*Note: Costs subject to change. Not all costs apply to each student.*

A liability insurance fee is part of the tuition fee.

Personal health insurance (not supplied by the college) is required.

***Students are responsible for their own medical bills.***

- American Heart Association
- 978-1-61669-640-5

ITLS for Emergency Care Providers, 9<sup>th</sup> Edition

- Pearson
- 9780135379318

Textbook of Neonatal Resuscitation, 8<sup>th</sup> Edition

- American Academy of Pediatrics
- 978-1-61002-524-9

## **RECERTIFICATION**

College of Central Florida CCT certificate is valid for a period of four (4) years. Recertification requirements are as follows:

1. Maintain current, unrestricted paramedic or healthcare license.
2. Complete **one** of the following:
  - a. Total of 100 approved continuing education hours
  - b. Current FP-C or CCP-C certification with a minimum of one year remaining before expiration.

### **Acceptable continuing education hours:**

Continuing education must be critical care-based with clear and direct application to the practice of critical care (ICU) medicine. Acceptable continuing education includes the following:

- Critical care conferences
- Accredited college courses (1 academic semester equals 15 credit hours)
  - Acceptable courses with a clinical focus:
    - Anatomy & Physiology
    - Chemistry
    - Microbiology
  - Acceptable courses with a Non-clinical focus:
    - Legal Aspects of Transport
    - Patient Experience
    - Medical Ethics

The following courses would not be considered acceptable for recertification:

- CPR
- ACLS
- PALS
- PEPP
- ITLS
- PHTLS
- BLTS
- TNCC
- AMLS

Please contact the College of Central EMS Office for any questions regarding course or conference qualification.

**CRITICAL CARE TRANSPORT PROGRAM  
FALL 2022  
APPLICATION FOR ADMISSION**

The purpose of your application is to provide necessary personal data to comply with State and Federal regulations, and academic data to support your educational achievements.

Please complete the entire form by printing clearly and affixing your signature.

**Legal Name:** \_\_\_\_\_  
Last First Middle (complete) Jr., etc.

**Street Address:** \_\_\_\_\_  
Street City State Zip Code

**Mailing Address:** \_\_\_\_\_  
Street/P.O. Box City State Zip Code

**Telephone:** \_\_\_\_\_  
(include area code) Home Work Cell
