COURSE CONTENT: Ethics is a field of philosophical study dealing with matters of right and wrong, good and evil, moral obligation, and virtue. Our purpose is twofold: to examine leading ethical theories and to apply those theories to various contemporary issues. Your personal views are of interest in this course only in so far as they can be supported by sound reasoning and clear expression.

GRADES: (1) Tests: You will have four tests: tests I, II, III, and a final. Each test will consist of 25 multiple choice questions plus an essay. The final will focus on material since test III but will also be cumulative. No make-up tests will be given. I shall drop your lowest grade of the first three tests. If you miss a test, that will count for your dropped grade. If you miss a second test, you will get a "0." If you miss the final, you fail the course. (2) Grade Calculation: Tests combine for 75%, and class participation/discussion boards count for 25% of the course grade. (3) Commitment: Students who are sincerely committed to success in this course will not fail. Evidence of sincere commitment is substantial class participation. (4) Posting Grades: Final grades will be posted online. I shall not tell you your grade earlier. (5) Grading Scale: A=100-90; B+=89-87; B=86-80; C+=79-77; C=76-70; D=69-60; F=59 or below.
