Brief statement of teaching philosophy and/or expectations:

I believe that as a teacher you are also a learner. Every day is a new opportunity to learn a new strategy or an exciting breakthrough in my discipline. The more that I am able to learn the better I am able to teach. I learn from my students and the varying perspectives with which they enter the classroom. My philosophy as an educator is to never stop learning and to remember that what I do is not static but rather dynamic. No two classes nor two students are the same. My goal is to meet the educational needs of all my students. To listen and learn from them and continue to provide quality and purposeful learning opportunities for all that enter my classroom.

Exams

Attendance to exams is mandatory. If you have any issues or unexpected emergency, you must notify me prior to the scheduled exam. Exams will consist of multiple choice, fill-in, and matching and an essay question. A total of four exams each worth 15% of your final grade will be assigned throughout the term. No make-up exams will be allowed. Exceptions may be made in the event of a documented and verifiable emergency at the discretion of the instructor.

Syllabus quiz- This assignment is for attendance verification and to ensure that you have properly reviewed the syllabus. Please take it as soon as you are able. You have multiple attempts and it is not timed. Please let me know if you have any questions. This is worth 2% of your final grade.

Participation

The expectation is that students attend every class. Sometimes emergencies do arise and students will be provided one “unexcused” absents without penalty. After that the students will have 10% of their participation grade deducted for every missed class. Participation counts for 8% of your final grade.

Projects

Each project is worth 10% of your final grade. A brief summary is provided below and additional details and resources may be found in Canvas. Remember, google docs are not an option so do not try to share a link. It must be uploaded as a file (either Microsoft word or a pdf). Work is due on the due date and time. Any late work will be accepted up to 5 days or up to 50% credit. If you have a technical issue and are unable to upload, send me the assignment through Canvas email and the time stamp will provide you with evidence that your work was “on time.” If this does occur, you will then need to see me during office hours to get it properly uploaded.

Project One- The Gilded Age

In this assignment you will examine two different experiences of people living in the United States in the "Gilded Age". The nation was transforming rapidly from an agrarian, rural state to an industrial and urban economy. This is an era where we see a growing gap between those that are prospering and those that are not (observers like Mark Twain will note the extreme juxtaposition between the very wealthy and the very poor). The middle class are also growing and leisure time activities are rising in popularity. Finally, the very richest members of society are going to live lavishly and amass vast wealth. In this assignment, we will examine all three concepts. This will be worth 10% of your overall grade. Please see Canvas for additional information.

Project Two

We will be looking at the Second World War and how it was fought. Students will select two battles that were pivotal in the winning of the war against the Axis powers. One battle will be from the war against Nazi Germany and the second battle will be from the Pacific theater fought against Japan. This will be 300 words per battle for a total of 600 words. An image and a map must accompany each battle analysis. This is worth 10% of your overall grade.

Project Three

In this project you will be looking at the Vietnam war and putting together a multimedia presentation. This will include a song clip, images, and some basic details about the Vietnam war. Details are under the "Projects" tab and is worth 10% of your final grade.

Makeup Policy for Exams/Assignments

Students must turn in all assignments by the due date and take exam on the scheduled day and time. It is the responsibility of the student to understand and know when assignments are due (see due dates on last page of syllabus). It is the responsibility of the student to have suitable internet connectivity and appropriate computer functionality. Not having access to internet or a computer will not be an excuse for not completing work in a timely manner.

Make-ups are not guaranteed and will only be granted for emergency situations. Students will be asked to provide proof of a verifiable emergency.

Late Policy

All work is due by the listed due date. For projects, work submitted after due date can be submitted for up to five days for up to 50% credit. After five days it will not be accepted. If you have questions or concerns, please contact me prior to the due date. Technical or computer issues are not acceptable excuses for late work. It is the responsibility of the student to upload assignments in a timely manner so that technical difficulties are not a barrier for submission.

Any changes to the syllabus will be announced, during the semester. The course outline and syllabus are subject to change as needed; changes will be announced in a timely manner, when necessary. Instructor will always strive for fairness when making any course changes.

VIII. Additional statements for this course

- **Early Support Program (ESP):** The College of Central Florida is committed to helping you succeed and achieve your academic, personal and career goals. One of the ways we can accomplish this goal with you is through an Early Support Program. Our philosophy, based on extensive research and practice, is that when students are connected early to resources and support systems on campus they are more likely to stay in classes, perform better in those classes, and complete their path more quickly. Therefore, you may be contacted by your First Year Success Specialist, program Advisor and/or other resources on our campus if there is a time during the semester I feel it would be beneficial to your continued success. I am always your first point of contact for any concerns that affect your success or with course content, so I encourage you to come to me to discuss those issues. Also, be assured that I will first communicate any concerns I have with you and will then connect you with the other areas on our campus to help develop a network of support for you.

IX. PRIORITY REGISTRATION DATES

WHEN SHOULD I REGISTER FOR THE NEXT SEMESTER?

- Registration is conducted by a process called **Priority Registration**. Those students who have earned hours may register ahead of those who have not earned hours or who have less earned hours.
- This process provides opportunities for those students who are closer to graduation to enroll in classes before students with fewer numbers of earned credit hours. This ensures that students have an opportunity to register for the courses they need to be able to graduate on time before the courses are filled.
- The enrollment process for the next semester begins **EARLY** in the current semester. It is important that you know your priority registration date and have your course choices planned out prior to that date.
- Priority registration is also available to those students made eligible through the Disability Services office.

If you are unsure of what courses to enroll in or how to use the online registration system, it is highly recommended that you schedule an appointment with your academic advisor EARLY in the current semester.

It is important that you register for the upcoming semester courses as soon as your **Priority Registration** date opens in order to get the CORRECT courses & scheduled times that you will need for your degree and major.
