II. COURSE DESCRIPTION

This course is designed for beginning college students in their first two semesters of enrollment at the College of Central Florida. Topics include research skills, career planning, self-discovery, intellectual growth, time management, study skills, computer competency, financial literacy, health/wellness, and global awareness. Emphasis on experiential learning through peer collaboration, integration into college, community engagement, and utilization of campus resources.

Successful completion of this course fulfills the general education personal development requirement. It also meets the computer competency requirement for all degrees.

First Year Seminar is focused on student engagement and practicing the skills covered in the course. The instructor’s role is to facilitate student learning and navigate the student towards:

- starting off on the right track to a successful college experience,
- discovering personal strengths/weaknesses,

- learning soft skills and career-readiness proficiencies,
- utilizing CF resources,
- engaging in collegial discourse with peers, faculty/staff, and CF at large.

Pre-Requisite: NONE

This class is **hybrid**, meaning it is a blend of face-to-face/in-classroom learning and online learning. The expectations of the in-person classroom mirror the online learning space.

Teaching Philosophy and Expectations:

To ensure an enjoyable, inclusive, and engaging learning environment, you are expected to openly share your ideas and express your opinions in class and online; respect the opinions, values, and identities of your classmates and instructor; and honor the open environment of the class by respecting confidentiality when appropriate.

Respect is reciprocal. I expect you to do your best work, meet assignment deadlines, engage regularly in class discussions and activities, and treat other members of the class with courtesy. Conversely, you may expect me to start class on time, be prepared for the lesson, offer honest feedback, be open to learning from the student's perspective, and respond timely to your communications.

Class discussions in person and online are opportunities for us to learn more and express curiosity while being open about our own ideas. **We will not all agree, and diverse perspectives are pursued. Most students do not intentionally seek to offend another student. If you are offended by a student's comment (or a comment from the professor), try to look at the comment objectively and understand their perspective. Asking for clarification through respectful questioning of another person's viewpoint is encouraged and demonstrates intellectual interest.**

Attention to detail in your written communications demonstrates respect to others. Typed assignments should be written at college-level. Spelling and grammar errors should be minimized with free online tools such as [Grammarly \(Links to an external site.\)](#) or [Microsoft Editor \(Links to an external site.\)](#).

Failure to comply with our course's netiquette guidelines will result in disciplinary action up to dismissal and failure in the course. Note on [Class Decorum](#).

IV. ASSESSMENT

Here are the five components and the percentage that they make up for your grade:

Attendance/In-Class Work/Participation	20%	
Homework	30%	
Success Assignments	40%	
Final Exam	10%	
Computer Competency/Cengage MindTap Exams (must score a minimum of 75% on the required 4 exams: Windows/File Management/Outlook, Word, Excel, PowerPoint)	Pass/Fail	Mandatory and embedded throughout the semester

Your assignments are classified under five categories:

- Computer Competency
- Academic Development
- Personal Development
- Financial Literacy
- Community Development

Grading: No make-up work will be given unless there is an emergency or prior approval has been given by the instructor. In such an event, you must notify your professor before the exam or assignment is due unless the emergency prohibits it and you will be asked to bring proof of the emergency. A make-up assignment must be taken within one week of the original date unless the emergency prohibits it. While you do not need to disclose personal details, let your professor know as soon as possible if something is preventing you from participating online or completing work. Communication with your instructors is essential to your successful completion of your studies during your time in college.

Computer Competency Requirement Note: You could earn an A on every assignment but not complete the Computer Competency Requirement Exams and end up with an F in the class. There are four Microsoft exams embedded throughout the semester that you have unlimited times to practice in order to earn 75% or higher. It is mandatory to complete these exams to pass First Year Seminar course. The four exams are:

1. Getting Started with Windows, File Management, and Outlook
2. Creating and Editing Documents in Word
3. Working with Excel and Analyzing Data
4. Creating and Modifying Presentations (PowerPoint)

How do I find out about my grade? All grades will be posted in Canvas. Check your grades on Canvas. Please do not ask your instructor.

If an assignment is in Canvas, it must be submitted via Canvas. This may mean you need to make sure you submit assignments in the accepted format. **Emailed Canvas assignments will not be accepted.**

Attendance is mandatory and absences regardless of the reason will also result in earning a zero on any missed participation/in-class assignments. In-class assignments may not be made up.

More than two absences in the C semester (or ONE absence in a mini-mester) will put you at risk of failing the course. Communicate with your professor about any absence. Non-attendance does not constitute withdrawal from this course. It is your responsibility to complete the withdrawal forms by the appropriate date.

Tardiness: Please come to class on time and ready to engage. A tardy is either arriving late or leaving early for any reason. Three tardies equal one absence.

Mandatory College-Wide Grading scale:

GRADING SCALE (percentage):	
A:	90-100
B+:	87-89
B:	80-86
C+:	77-79
C:	70-76
D:	60-69

The College of Central Florida is committed to helping you succeed and achieve your academic, personal and career goals. There are a wide range of resources and support services available to you. When you connect to resources and support systems on campus early, you are much more likely to be successful in your classes and complete your path more quickly. One example is through an Early Support Program, where you may receive an email indicating your professor or advisor is reaching out directly to help connect you to support services. This may include connecting you to tutoring, financial support, psychological support services, and disability services just to name a few. Be aware, you can also reach out to these services on your own as well. Additionally, we offer free tutoring, disability services, a testing center, and many other resources which are all available to you. [Please refer to the College Resources, Dates, and Policies document in your Canvas course to learn more about these supports and policies.](#)

VI. ADDITIONAL COURSE POLICIES

Academic Integrity You are expected to be familiar with the CF's [Policy on Academic Integrity](#). What this means is: If you are charged with an offense, pleading ignorance of the rules will not help you.

What if I'm struggling and need more help? The College of Central Florida is committed to helping you succeed and achieve your academic, personal, and career goals. There is a wide range of resources and support services available to you. When students are connected early to resources and support systems on campus, they are more likely to stay in classes, perform better in those classes, and complete their paths more quickly. One example is through an [Early Support Program](#), where you may receive an email indicating your professor or advisor is reaching out directly to help connect you to support services. This may include connecting you to tutoring, financial support, psychological support services, and disability services just to name a few. Tutoring: All Learning Support Centers provide CF students access to computers, printers, Wi-Fi and charging stations. CF offers tutoring in a variety of venues and areas of study. Whether it's math, writing, anatomy, or more, our tutoring centers offer flexible schedules to meet your needs. Email tutoring@cf.edu for more information. All tutoring through CF Learning Support Centers is free to CF students. [Click here for more information.](#)

Online Tutoring Resources: CF students can receive free tutoring online through SmartThinking, a live tutoring platform that is available 24 hours, 7 days per week. SmartThinking is accessed through Canvas.

What if I need to email my instructor? Make sure you send emails from your **Patriots Mail** account. Below is a template for you to utilize – remove the _____ underlines:

Dear Professor _____, **be sure their name is spelled correctly and remove the underline and these notes**

I have looked on Canvas, reviewed the syllabus, and asked a classmate but I couldn't find the information.

My question is _____ . **Indicate your question/concern here (remove the underline).**

Thank you in advance for your assistance.

Sincerely,

What if I need to talk with someone? I understand that many individuals are dealing with unexpected issues associated with this pandemic even though they are not ill. Loss of jobs, income, childcare, the stress and anxiety of dealing with such major changes all at once can impact one's psychological health and motivation for learning. This may be a difficult time, but you don't have to face it alone. CF can help. If you are feeling overwhelmed, or experiencing stress, anxiety, fear, uncertainty, depression, or other issues you can get professional and confidential counseling by calling BayCare Life Management at 1-800-878-5470 or by calling 352-873-5800 and asking for Dr. Henri Benlolo (*Ben-low-low*) or Cindy Pfriendr (*friendr*). The services are free for CF students. More information includes a Mental Health Screening on www.CF.edu ([Links to an external site.](#)) on this page ([Links to an external site.](#)).
