Brief statement of teaching philosophy and/or expectations:

I believe that as a teacher you are also a learner. Every day is a new opportunity to learn a new strategy or an exciting breakthrough in my discipline. The more that I am able to learn the better I am able to teach. I learn from my students and the varying perspectives with which they enter the classroom. My philosophy as an educator is to never stop learning and to remember that what I do is not static but rather dynamic. No two classes nor two students are the same. My goal is to meet the educational needs of all my students. To listen and learn from them and continue to provide quality and purposeful learning opportunities for all that enter my classroom.

VIII. Additional statements for this course

- **Early Support Program (ESP):** The College of Central Florida is committed to helping you succeed and achieve your academic, personal and career goals. One of the ways we can accomplish this goal with you is through an Early Support Program. Our philosophy, based on extensive research and practice, is that when students are connected early to resources and support systems on campus they are more likely to stay in classes, perform better in those classes, and complete their path more quickly. Therefore, you may be contacted by your First Year Success Specialist, program Advisor and/or other resources on our campus if there is a time during the semester I feel it would be beneficial to your continued success. I

am always your first point of contact for any concerns that affect your success or with course content, so I encourage you to come to me to discuss those issues. Also, be assured that I will first communicate any concerns I have with you and will then connect you with the other areas on our campus to help develop a network of support for you.

IX. PRIORITY REGISTRATION DATES

WHEN SHOULD I REGISTER FOR THE NEXT SEMESTER?

- Registration is conducted by a process called **Priority Registration**. Those students who have earned hours may register ahead of those who have not earned hours or who have less earned hours.
- This process provides opportunities for those students who are closer to graduation to enroll in classes

before students with fewer numbers of earned credit hours. This ensures that students have an opportunity to register for the courses they need to be able to graduate on time before the courses are filled.

- The enrollment process for the next semester begins **EARLY** in the current semester. It is important that you know your priority registration date and have your course choices planned out prior to that date.
- Priority registration is also available to those students made eligible through the Disability Services office.

If you are unsure of what courses to enroll in or how to use the online registration system, it is highly recommended that you schedule an appointment with your academic advisor EARLY in the current semester.

It is important that you register for the upcoming semester courses as soon as your **Priority Registration** date opens in order to get the **CORRECT** courses & scheduled times that you will need for your degree and major.
