English for Academic Purposes

*CF accepts
IELTS (5.5),
TOEFL (61) or
STEP EIKEN (2A+)
test scores.*

*We accept students at all
English fluency levels and
have courses to assist you.*

CF offers language courses as an integral part of your academic degree program. Improve your English language skills in order to be successful in college-level courses. CF's EAP program offers two levels of instruction in three skill areas: reading, writing and grammar, and speech and listening.

CF accepts IELTS (5.5), TOEFL (61) or STEP EIKEN (2A+) test scores. With these scores, you will not be required to take the English portion of the placement test, but you will take the math sections.

Students without English proficiency test scores will take a placement exam upon arrival at CF in order to determine English and math skill levels. Based on the results of the placement test, students who are not ready for college-level courses will be placed in English for Academic Purposes (EAP)* or other preparatory courses.

CF advisors will work with you to ensure that you are taking the courses appropriate for your level and receive the education you need in order to be successful.

* ESL/EAP are only offered at the CF Ocala Campus.
