INDEPENDENT AUDITORS' REPORT

Board of Directors
College of Central Florida Foundation, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the College of Central Florida Foundation, Inc. (the Foundation), a component unit of the College of Central Florida, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Foundation's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2016, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Foundation's basic financial statements. The statement of net position by account and statement of revenues, expenses, and changes in net position by account, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Audits of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The statement of net position by account and statement of revenues, expenses, and changes in net position by account and the schedule of expenditures of federal awards are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of net position by account and statement of revenues, expenses, and changes in net position by account, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2017, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2016**

This section of the College of Central Florida Foundation's (the Foundation) annual financial report presents our discussion and analysis of financial performance for the fiscal periods ended on December 31, 2016 and 2015. Please read it in conjunction with the preceding Accountants' Audit Report and financial statements following this section.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position provide information about activities and present a longer-term view of financial position. The Statement of Cash Flows provides information regarding net cash from (used in) various activities.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. These notes are an integral part of these financial statements and should be read as a part of the financial statements in order for the reader to have a clear understanding of activities and performance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2016
(Continued)

In comparing 2016 activity to 2015 activity, we note the following:

Total assets increased by \$7.7 million (9%). Current assets increased by \$45,673, and Capital assets increased by \$3.1M, after receiving the largest gift in Foundation history, the CF Vintage Farm. The farm will be integral in the expansion of the College's Agribusiness and Equine programs. This 103 plus acre farm 4 miles from the Ocala college campus is to be used as a teaching laboratory for the College's expanded agribusiness and equine programs. Noncurrent assets, including the Foundation's investment accounts, increased by \$4.5 million (7%) as a result of contributions received and favorable market conditions.

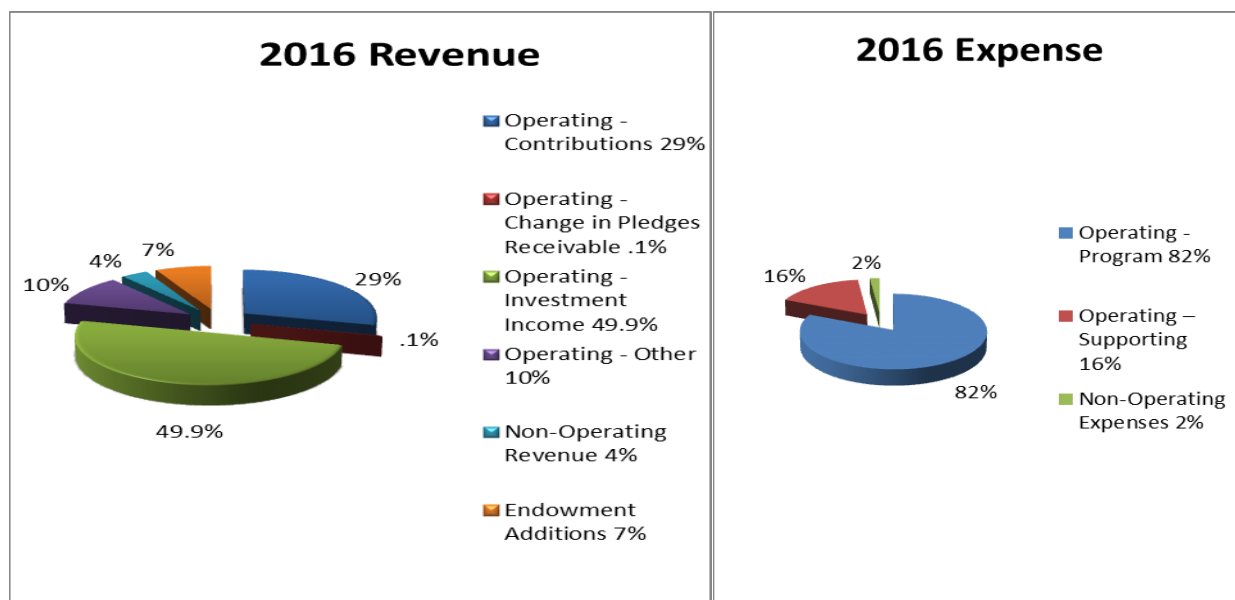

There was a net decrease in total liabilities of \$209,979, (-8%) with an increase in current liabilities of \$39,867. Noncurrent liabilities decreased by \$249,846 (-12%), attributable to \$130,002 reduction in bonds payable for the Enterprise Center, and a \$100,000 reduction in noncurrent liability due to the College for College Square Apartment support. An 11-year agreement was made to repay the college beginning December 2014.

Total net position increased by \$7.9M (9%).

COLLEGE OF CENTRAL FLORIDA FOUNDATION, INC. - OCALA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2016
(Continued)

Significant differences between 2016 and 2015 revenues and expenses are discussed below:

REVENUES

Operating Revenue: Overall Revenue increased by 337%, or \$9.5 million, with investment income increasing by \$6 million due to favorable market conditions in 2016. Private contributions increased significantly due to the Vintage Farm gift, increased cash contributions and fundraising efforts. Rental income was up slightly due to higher occupancy in College Square Apartments. There was a decrease special event revenues since Dinner Theatre and Taste of Ocala were the sole fundraisers held in 2016.

Non-Operating Revenue: There was a 16% increase in support received by the college due to personnel cost adjustments.

Endowment Additions Revenue: Permanently restricted contributions to the endowment fund increased 104% due to the receipt of four estate gifts during 2016.

EXPENSES

Operating - Program expenses include scholarships, academic program, and institutional support, as well as distributions for temporarily restricted purposes. A majority of operating program expenses are funded through earnings on endowments. Although the Foundation's fiscal year is January to December, endowment allocations are made in line with the College's academic and fiscal year which is July to June.

During 2016, the Foundation provided \$991,507 in scholarship support, \$466,465 in academic program support, and \$1,155,364 in institutional support. Overall in 2016, program expenses increased 25% as a result of simulator equipment provided to the Nursing program, and Appleton Museum support. Appleton Museum endowments held by the Foundation matured in 2015, and a 5-year agreement was reached to provide \$500,000 annually in support of Appleton Museum operations. The Foundation Board of Directors approved an endowment spending percentage of 3.5% for endowed scholarship and chair awards during the 2016-17 academic year.

Operating - Supporting expenses are comprised of general and administrative expenses including personnel costs, insurance, utilities, and maintenance. In 2016, supporting expenses totaled \$732,500.

Non-Operating Expenses totaled \$79,080 for 2016 compared to \$87,329 in 2015, a 9% decrease. This amount reflects interest paid on the Foundation's long-term debt financing. The final payment was made for the College Square bond on January 2, 2014. Beginning December 2014, repayment to the College for College Square support began in accordance with an 11-year agreement approved by the Board during 2013. Payment of the Enterprise Center long-term debt will be complete in 2023.

NET POSITION

As a result of the foregoing activity, net position increased by \$7,934,582 to \$95,935,107, a substantial increase after last year's loss of \$903,949. Included in unrestricted net position are board designated reserve accounts that have been established as follows:

Scholarship Reserve	\$ 1,093,595
Endowed Chair/Grant Reserve	265,947
Insurance Reserve	<u>32,000</u>
Total Reserves	<u>\$ 1,391,542</u>

OTHER

In 2012, the Foundation's Board of Directors retained an investment firm having specific expertise in managing educationally based endowed investments including several educational foundations in Florida. This transition took place in late December 2011 and was fully implemented the first week of January 2012. In late 2013, the Board approved a 5% investment in core property and alternatives, implemented January 2014. During 2016, the core endowment earned 9.64% overall, the core property earned 10.49%, and the alternatives lost -.15%. Since inception with the current investment firm, the core endowment has earned 10.07% overall, the core property earned 11.14%, and the alternatives earned .5%. The CF Foundation's 3-year annualized return is 6.26%.

The CF Foundation is well positioned to continue to provide the college with resources to assist in carrying out its mission, to provide quality higher educational opportunities to the residents of Citrus, Levy, and Marion Counties (our tri-county service area). The Foundation looks back with pride and forward with anticipation to the achievements made possible with the efforts and involvement of the Foundation's Board and the College's District Board of Trustees, our donors, volunteers, and community supporters.

COLLEGE OF CENTRAL FLORIDA FOUNDATION, INC. - OCALA, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note 1 - Summary of Significant Accounting Policies

Nature of Organization—The College of Central Florida Foundation, Inc. (the Foundation) is a direct support organization as provided for in Section 240.331, Florida Statutes, and is considered a component unit of the College of Central Florida (the College), in Ocala, Florida. The Foundation was formed in 1959 as a 501(c)(3) not-for-profit organization whose objective is to provide students attending the College with funds to pursue their collegiate training and to provide the College with funds to carry on any proper activity at the College.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation—The financial statements of the Foundation have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

For financial reporting purposes, the Foundation is considered a special-purpose government engaged only in business-type activities. Accordingly, the Foundation prepares its financial statements using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for proprietary funds, which is similar to those for private business enterprises. Accordingly, revenues are recorded when earned and expenses are recorded when incurred.

Fund Accounting—To ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, the accounts of the Foundation are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. All of the Foundation's financial activity is accounted for in a single enterprise fund, which is broken down into the following sub-accounts:

Operating Account—Includes unrestricted and restricted resources and represents the portion of expendable funds that are available for support of operations and funds available for use in accordance with specific restrictions, respectively.

Endowment Account—Records nonexpendable donations received by the Foundation subject to donor-imposed restrictions and unrestricted donations received by the Foundation subject to designation by the Foundation's Board of Directors (The Board), requiring that the principal be invested in perpetuity and that only income (including appreciation) can be used for scholarships and endowed chair activities. The endowment principal balance fluctuates as investment income, including realized and unrealized appreciation is allocated to each endowment on a pro rata basis based on its balance as a percentage of the total endowment fund. Beginning in 1992, the Board approved the unrestricted operating fund to charge up to a 2.5% reinvestment fee against current earnings to recover the costs of administering endowment and general operations. During the 2016 fiscal year, a reinvestment fee of 1.6% was charged on active endowments and 1% was charged on the funds associated with the Federal Endowment Challenge Grant.

NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Accounting (Concluded)

General Plant Account—consists of the net investment in land, buildings and equipment plus resources, if any, restricted by the donor to be used for plant additions, except for the student housing facility. The artwork and collections of the Appleton Museum of Art are also included in the general plant account. Art acquisitions are recorded at cost if purchased or at market value on the date of receipt if donated, based on a bona fide appraisal. Although the artwork and collections have been capitalized, they are considered inexhaustible and therefore not depreciable.

Student Housing Account—Includes the student housing facility and related debt to further assist students attending the College. Rental revenues and operating and maintenance expenses are also recorded in the account.

Enterprise Center Account—Includes office building and related debt. Rental revenues and operating expenses are also recorded in the account.

Net Position—The Foundation classifies its net position into the following two categories:

Net Investment in Capital Assets—Represents the Foundation's total investment in capital assets, net of accumulated depreciation, reduced by the outstanding debt obligations attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position.

Restricted—The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.

Nonexpendable Restricted Net Position—Consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Expendable Restricted Net Position—Includes resources in which the Foundation is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Unrestricted—The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the Foundation's policy is to first apply the expense toward restricted resources, and then toward unrestricted resources.

Note 1 - Summary of Significant Accounting Policies (Continued)

Classification of Revenues—The Foundation classifies its revenues as operating or non-operating according to the following criteria:

Operating Revenues—Include the primary activities of contributions from donors, program revenues, investment income, rental activities, and special events.

Nonoperating Revenues—Include revenues derived from contributions restricted for capital additions or endowments.

Donor Restricted Endowments—Investment income, including unrealized appreciation and depreciation, is allocated to each endowment account on a pro rata basis based on the nonexpendable endowment balance. In accordance with state law, these funds are then available for expenditure when the specific donor criteria are met. The Foundation accounts for endowments using the total return method, which utilizes both income and capital appreciation to be withdrawn for spending. The maximum allowable spending amount is stated in the investment policy.

Cash and Cash Equivalents—Cash and cash equivalents consist of cash, certificates of deposit, money market accounts, and highly liquid fixed income investments with original maturities of three months or less. Cash and cash equivalents that are part of the endowment account are classified as noncurrent assets in the statement of net position, as they are not intended to be used for current operating costs.

Capital Assets—Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives of the assets, which range from five years for most equipment to forty years for buildings.

Pledges Receivable—Legally enforceable pledges, less an allowance for uncollectible amounts, are recorded as a receivable and revenue in the year made for current period use. Pledges for endowments are considered voluntary nonexchange transactions and the contribution cannot be recognized until all the eligibility requirements are met, including time restrictions. Therefore, pledges for endowments are not recorded on the financial statements until the funds are received.

Split Interest Agreements

Gift Annuities—Assets received under charitable gift annuity agreements are recognized at their fair value at the date of donation, and annuity payment liabilities are recognized at the present value of the future cash flows expected to be paid to the annuitants. Contribution revenue is recognized as the difference between amounts received and payable.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016
(Continued)

Note 1 - Summary of Significant Accounting Policies (Concluded)

Split Interest Agreements (Concluded)

Charitable Remainder Trusts—The Foundation has received an irrevocable interest in several charitable remainder trusts. Under the terms of these agreements, the Foundation receives a beneficiary interest in the trust upon the death of the donor, at which time the value received will be endowed or spent in accordance with the wishes of the donor(s). The Foundation records these trusts at net present value in the accompanying Statement of Net Position as noncurrent assets.

Investments—The Foundation follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Under this provision, contributed marketable securities are recorded at their fair value at the date of donation. Purchased marketable securities are recorded and carried at fair value with increases and decreases being charged and credited to the statement of revenues, expenses, and changes in net position.

Accrued Compensated Absences—The Foundation accrues accumulated unpaid vacation and sick leave and associated employer-related costs when earned (or estimated to be earned) by the employee. Eligible employees are entitled to annual vacation and sick leave with pay. The employees are generally allowed to accumulate vacation leave. A maximum of 450 hours may be carried over from year to year, of which 330 hours will be paid upon termination. Sick leave balances accrue for employees who are actively employed and who have completed ten years of service. However, payment upon termination is limited to the lesser of 60 days or 1/2 of the employee's sick leave balance for those employees who were hired on or after July 1, 1998, or 1/2 of the employee's sick leave balance for those employees hired prior to July 1, 1998.

Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes—The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements. Contributions to the Foundation qualify for the charitable contribution tax deduction.

Donated Property, Materials, and Services—Donated property used to further the purposes of the Foundation is recorded at estimated fair value at the time of donation. Donated materials and services used to further the purposes of the Foundation are recorded at the amount it deems it would reasonably pay to obtain such materials and services. The Foundation frequently receives donations of property and materials, which it in turn, contributes to the College. These amounts are not recorded in the Foundation's accounting records.

Pronouncements Issued—GASB issued Statement No. 72 was implemented for the year ended December 31, 2016. The Statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. See note 4 of the financial statements.

Note 2 - Rental Income

Rental income is received by the Foundation from the following sources:

- A 99-year lease on property located in Columbus, Ohio, was donated. Rent of \$2,500 is payable in advance every three months. The lease expires in the year 2022 and is renewable in perpetuity at the option of the lessee.
- Single-family residence located in Ocala, Florida, on a portion of land that was purchased by the Foundation for construction of the student housing facility. Rent of \$910 is payable monthly on the 1st of each month. A new annual lease agreement was signed for December 15, 2016 to November 30, 2017, for \$970 per month.
- Single-family residence located in Ocala, Florida, on a portion of land that was purchased by the Foundation for construction of the student housing facility. Rent of \$1010 is payable on the 1st of each month. The lease was renewed on January 1, 2017, for rent of \$1,025 payable on the 1st of each month. The lease expires on December 31, 2017.
- College Square, a 48-unit student residence that houses 192 students, charges monthly rent of between \$300 and \$480, depending on the length of lease. The length of a lease varies, depending on the tenants' needs. The Foundation has contracted with Ellison Property Management since July 2002 to manage the property. The property's daily operations are handled through the management office at College Square.
- The property adjacent to College Square in Ocala, Florida is leased to Francis Marion Military Academy. Rent of \$2,947 is payable on the 1st of each month. The lease term is July 1, 2016 through June 30, 2017. The Academy plans to vacate the property at the end of the current lease.
- The Enterprise Center, a commercial office building, is leased to various organizations with purposes consistent to the College's goals of educating and providing employment opportunities to its graduating students. CareerSource Citrus Levy Marion leases space on the first and second floors. The Small Business Development Center and The Talent Center occupy the first floor, along with several other small business ventures.

Rental income to be received over the next five years under noncancellable operating leases is as follows:

Note 3 - Cash, Cash Equivalents, and Investments

Investments are recorded at fair value. Securities traded on a national exchange are valued at the last reported sales price. Corporate bonds not traded on a national exchange are based on equivalent values of comparable securities with similar yield and risk. The fair value of real estate investments is based on independent appraisals. Investments in hedge funds are generally valued at fair value, by the management of the fund by reference to the value of the underlying fund's assets, if available, or by the valuations of a fund's underlying assets as provided by the general partner or investment manager, if the assets are not publicly traded. Other investments not having an established market are recorded at estimated fair value.

The Foundation has established an investment policy for its endowed investments. The majority of its endowed investments are managed by SEI Investments Management Corp. The Foundation has a separate investment policy for the Edith Marie Appleton Endowment and Arthur Appleton Endowment, which are managed by the Northern Trust Company. The Foundation's investment managers are required to oversee the management of the portfolios pursuant to investment policies adopted by the Board.

In accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures* (GASB Statement No.40), the Foundation's investments in securities and investment funds are reported by investment type at fair value in the composition of investments below.

The Foundation categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable input, which is based on matrix pricing or evaluated pricing methodologies; Level 3 inputs are significant unobservable inputs. The Foundation does not have any investments that are Level 3 inputs.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016
(Continued)

Note 3 - Cash, Cash Equivalents, and Investments (Concluded)

GASB Statement No. 40 establishes disclosure requirements related to the following types of investment risks:

Credit Risk—Credit risk relates to the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit for debt securities of the Foundation are displayed in the above schedule. Investment ratings are from Moody’s Investor Services, Inc., Standard & Poor’s, and Fitch. SEI Investments Management Corp. manages the other endowed investments and seeks “real return” for the portfolio. Fixed income securities managed by SEI Investments Management Corp. may invest in debt securities of any credit quality and with a broad range of maturities.

Interest Rate Risk—Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment’s fair value. The weighted average maturity for the Arthur Appleton Endowment and the Edith Marie Appleton Endowment and the duration for the Other Endowed Investments are presented in the above schedule.

Custodial Credit Risk—For deposits at December 31, 2016, cash and cash equivalents, including cash and cash equivalents held in endowment, were held by depositories and the bank balances amounted to \$3,498,572 of which \$2,819,680 was uninsured and uncollateralized or collateralized with securities held by the pledging financial institution or by its trust department or agent but not in the Foundation’s name.

For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

■ **Arthur Appleton Endowment and Edith Marie Appleton Endowment**

All investments are held in a counterparty account for the Northern Trust Company, a trust department, as custodian for the above referenced client account.

■ **Other Endowed Investments**

All investments managed by SEI Investments Management Corp. were held in counterparty accounts with Regions Financial Corporation, as custodian for the Foundation.

Concentration of Credit Risk—Disclosure of any issuer of investments that in the aggregate is 5% or more of the portfolio is required to be disclosed as a concentration of credit risk. As of December 31, 2016, there were no concentrations of credit risk.

Foreign Currency Credit Risk—Investments include exposure to international equity securities. Fluctuating exchange rates will have an impact on the performance of those investments. No investments are completed with the sole intent to profit from changes in foreign currency exchange rates.

Note 4 - Charitable Gift and Remainder Annuity Trusts

As of December 31, 2016, the Foundation holds a remainder interest in several charitable remainder trusts. Under the terms of these trusts, the beneficiaries are to receive annual distributions during the lifetime of the donor(s). Upon the death of the donor(s), the funds remaining will be endowed or spent in accordance with the wishes of the donor(s).

As of December 31, 2016, the Foundation has entered into charitable gift annuity agreements with donors. Under terms of these agreements, the beneficiaries are to receive annual distributions of an amount equal to between 5.2% and 7.3% of the original principal of the trust for the life of the donor(s). The present value of the annuity payment liabilities at December 31, 2016, has been calculated based on the respective payouts and discount rates as determined by the trust documents. This amount is reflected on the balance sheet as a gift annuity liability. Upon the death of the donor(s), any funds remaining will be endowed or spent in accordance with the wishes of the donor(s) (see Note 12 for change in the liability for the fiscal year ended December 31, 2016).

Total depreciation expense for the year ended December 31, 2016, was \$148,176.

The total value of the artwork and collections at The Appleton Museum of Art exceeds the \$16,985,565 which is recorded in the accounting records of the Foundation, based on a professional appraisal of the top items in the collection, together with acquisitions that have been made since that time. The remaining items in the collection that were not appraised have not been included in the capitalization of the collection.

The Vintage Farm was gifted to the Foundation in December 2016. The total appraised value of the farm is \$2,950,000, the land valued at \$1,348,000 and the buildings and equipment at \$1,602,000. This is the largest gift in Foundation history, and will be integral in the expansion of the College's Agribusiness and Equine programs. This 103 plus acre farm is 4 miles from the Ocala college campus and is to be used as a teaching laboratory.

- Category 3 - Cultural Environment
- Category 4 - Educational Environment
- Category 5 - New Initiative

Note 9 - Support from College of Central Florida

All employees of the Foundation are considered employees of the College. All salaries, benefits, retirement benefits through the Florida Retirement System and payroll taxes are paid by the College. The Foundation agreed to reimburse the College for a portion of such payroll expenses for the year ended December 31, 2016, based on a memorandum of understanding. Actual expenses of \$586,664 exceeded the payments of \$223,308 made by the Foundation, of which \$363,356 is included as support from College of Central Florida and personnel expenses in the statement of revenues, expenses, and changes in net position.

Note 10 - Matching Funds Program

Beginning July 1, 2003, the State of Florida combined the Health Care and Scholarship Matching Programs with the Dr. Philip Benjamin Academic Improvement Trust Fund for Community Colleges to form the Dr. Philip Benjamin Matching Program for Community Colleges. The Program provides matching funds on private contributions to the Foundation of a dollar for every dollar donated for scholarships and two dollars for every three dollars donated for other eligible uses. The last year the Dr. Philip Benjamin Matching Program was fully funded by the State of Florida was the 2007-2008 academic year on eligible contributions submitted for match in February 2007. Subsequent requests for state matching funds were submitted in February for years 2008, 2009, 2010, and 2011. In the spring of 2011, the state legislature approved temporarily suspending the matching program effective June 30, 2011. A request for state matching funds for eligible contributions received during the period February 2, 2011 through and including June 29, 2011, was submitted. Currently, the Foundation has submitted for state match eligible contributions totaling \$8,321,796 with a requested state match of \$6,554,880.

Note 11 - Long-term Liabilities

The Foundation's long-term liabilities include advances, bonds payable, and gift annuities. The following is a schedule of changes in the Foundation's noncurrent liabilities for the fiscal year ended December 31, 2016:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>	<u>Amount Due Within One Year</u>

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
College of Central Florida Foundation, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the College of Central Florida Foundation, Inc. (the Foundation), a component unit of the College of Central Florida, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements, and have issued our report thereon dated June 14, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Foundation's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance

with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
College of Central Florida Foundation, Inc.

Report on Compliance for Each Major Federal Program

We have audited the College of Central Florida Foundation, Inc.'s (the Foundation) compliance with the types of compliance requirements described in the Office of Management and Budget, *Compliance Supplement*, that could have a direct and material effect on each of the Foundation's major federal programs for the year ended December 31, 2016. The Foundation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Foundation's compliance.

Opinion on Each Major Federal Program

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

Report on Internal Control over Compliance

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.
