Benefit Plans A, B, C, F, G, K, L, N, Select C, Select F

## Benefit Chart of Medicare Supplement Plans Sold on or After June 1, 2010

This chart shows the benefits included in each of the standard Medicare supplement plans. Every company must make Plan "A" available. Some plans may not be available in your state.

**Basic Benefits:**

- **Hospitalization:** Part A co-insurance plus coverage for 365 additional days after Medicare benefits end.
- **Medical Expenses:** Part B co-insurance (generally 20% of Medicare-approved expenses) or co-payments for hospital outpatient services. Plans K, L, and N require insureds to pay a portion of Part B co-insurance or co-payments.
- **Blood:** First 3 pints of blood each year.
- **Hospice:** Part A co-insurance

\*Medicare Select Plans C and F contain the same benefits as standardized Medicare Supplement Plans C and F, except for restrictions on your use of hospitals.
