# OUTLINE OF COVERAGE

Benefit Plans A, B, C, F, G, K, L, N, Select C, Select F

## Benefit Chart of Medicare Supplement Plans Sold on or After June 1, 2010

This chart shows the benefits included in each of the standard Medicare supplement plans. Every company must make Plan "A" available. Some plans may not be available in your state.

### Basic Benefits:

- **Hospitalization:** Part A co-insurance plus coverage for 365 additional days after Medicare benefits end.
- **Medical Expenses:** Part B co-insurance (generally 20% of Medicare-approved expenses) or co-payments for hospital outpatient services. Plans K, L, and N require insureds to pay a portion of Part B co-insurance or co-payments.
- **Blood:** First 3 pints of blood each year.
- **Hospice:** Part A co-insurance

\*Medicare Select Plans C and F contain the same benefits as standardized Medicare Supplement Plans C and F, except for restrictions on your use of hospitals.

*Plans F & G also have a high deductible option which requires first paying a plan deductible of \$2,490 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible Plans F and G do not cover the separate Foreign Travel Emergency deductible. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible Plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.						Out-of-pocket limit \$6220; paid at 100% after limit reached	Out-of-pocket limit \$3110; paid at 100% after limit reached
