

You deserve fast, convenient, high-quality healthcare

Over **70 million** people are already covered by Teladoc. But what matters most to us is that everyone is happy and healthy. That's why when you use Teladoc, your health is our top priority.

[Schedule my visit](#)

Speak to our U.S.-licensed doctors who can diagnose, treat and prescribe medicine 24/7 if you get a cough, flu, allergies, and more.

No wait and only \$10 per visit

Urgent care

Visit an urgent care center when you need an in-person visit for conditions like earaches, sprains or minor cuts.

Long wait and high cost

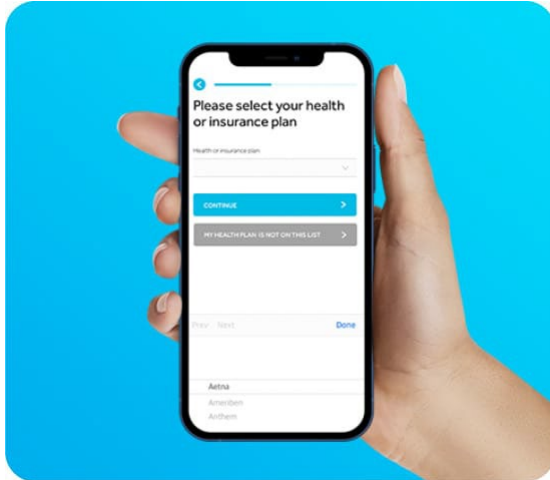

ER

Go to the ER if you need emergency medical care for severe conditions like chest pain, difficulty breathing, burns or broken bones.

Long wait and high cost

How does it work with insurance?

Teladoc is included in your healthcare benefits, but is still available for anyone without insurance. All you have to do is schedule your first appointment to get started.
