7. This policy does not apply to off-campus facilities leased or used by the college for college events or functions. On those occasions, the tobacco policy of the facility shall be applicable.
8. The President or designee is authorized to develop procedures to implement this policy including provisions for notification, signage, compliance, and enforcement.

*Electronic smoking-simulated cigarettes (e-cigarettes) produce a vapor of undetermined and potentially harmful substances, which may appear similar to the smoke emitted by traditional tobacco products. Their use in workplaces and public places where smoking of traditional tobacco products is prohibited creates concern and confusion and leads to difficulties in enforcing the smoking prohibitions.
