COLLEGE of CENTRAL FLORIDA
ADMINISTRATIVE PROCEDURE

Title: Art on Campus	
Page 1 of 1	Implementing Procedure For Policy #
Date Approved: 05/09/07	Division: President's Office
Date Revised: 11/04/07	
Date Revised: 01/27/10	

Section I. General

The College owns, and will add to, a collection of art. The art collection, which contains works by CF students and professional artists, is intended for public display throughout the College's educational sites.

Section II. Guidelines for Use and Maintenance of the Collection

Purchases

Funds from the auxiliary fund may be budgeted for purchase of art. The art faculty will recommend to the President purchases from the annual student art show and the annual Fine Arts for Ocala art show, or other venues.

Inventory

An inventory of the collection will be maintained by the Director for Visual and Performing Arts.

Placement of Art

College owned art is intended to be displayed to the widest possible audience, so it is normally hung in hallways. The Director for Visual and Performing Arts, in conjunction with art faculty, will decide on the placement of art, and paintings will be hung by the maintenance staff. The Director of Visual and Performing Arts will coordinate the process with the President, for the Ocala campus, and with the Chief Administrative Officers at the Citrus Campus, the Levy Center and the Hampton Center for those sites. More valuable works shall be placed in more "protected areas", such as office reception areas. College owned art will not normally be placed in individual offices.

Approved by President
