

Accessibility Audit Checklist (Student Version)

Location: _____ Date: _____

1. Getting There

- ☐ Are there ramps or level entrances instead of stairs?
- ☐ Is there accessible parking near the entrance?
- ☐ Are doors wide enough and easy to open?

2. Moving Around

- ☐ Are walkways wide, smooth, and free of cracks or debris?
- ☐ Are there curb ramps where sidewalks meet streets?
- ☐ Are hallways clear and wide enough for a wheelchair?
- ☐ Are elevators available if there are multiple floors?

3. Restrooms

- ☐ Are there restrooms marked as accessible?
- ☐ Do they have grab bars and enough room to turn a wheelchair?
- ☐ Are sinks and dryers at a reachable height?

4. Seating & Tables

- ☐ Are there tables or seating areas with space for wheelchair users?
- ☐ Are counters or desks low enough to reach comfortably?

5. Signs & Information

- ☐ Are signs easy to read (large print, clear fonts, good contrast)?
- ☐ Is there Braille or tactile signage for those with visual impairments?

6. Lighting & Sound

- ☐ Is lighting bright enough to see clearly?
- ☐ Is noise controlled so people can hear and focus?

7. Technology & Communication

- ☐ Are assistive devices available (like listening systems or captioning)?
- ☐ Are materials or announcements available in accessible formats?

8. Safety

- ☐ Are emergency exits accessible for everyone?
- ☐ Are evacuation plans posted and inclusive of individuals with disabilities?

Notes or Ideas for Improvement
